

# Challenge 2 Evaluation

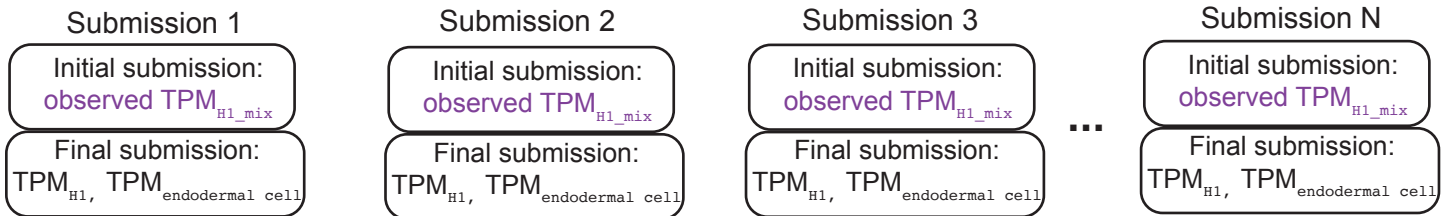

a

b

H1\_mix: mix of H1 and endodermal cell at r1:r2 ratio  

$$r1 * \text{TPM}_{\text{H1}} + r2 * \text{TPM}_{\text{endodermal cell}} \approx \text{expected TPM}_{\text{H1\_mix}}$$

Compare  $\text{observed TPM}_{\text{H1\_mix}}$  and  $\text{expected TPM}_{\text{H1\_mix}}$

Correlation  
MRD  
NRMSE
