

Challenge 2 Overview

Samples

Library prep + sequencing

Reads available through ENCODE DCC and Synapse in May 2021
H1 and endodermal cell data released October 1, 2021

Challenge submission

Participants select submission entry type	Select data category	Select library prep	Select sequencing platform
	Long-only	cDNA	Illumina
	Short-only	R2C2	ONT
	Long and short Freestyle	CapTrap dRNA	PacBio

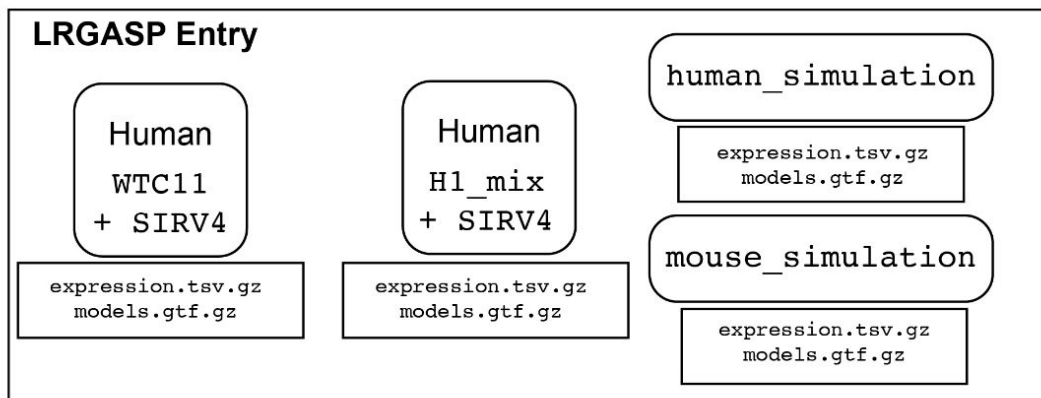

H1 and endodermal cell analyzed after initial entry submission deadline

Participant's analysis pipeline

Must use identical pipeline used for H1_mix

Participants upload initial entry to Synapse by Oct 8, 2021 deadline

LRGASP Entry

Participants upload final entry to Synapse after Oct 8, 2021

Final LRGASP Entry
