Challenge 3 Evaluation

Predictions

Entry submission 1	Entry submission 4	Entry submission 7
Entry submission 2	Entry submission 5	⋮
Entry submission 3	Entry submission 6	Entry submission N

Ground truth

Available before submission
SIRV Set 3 (manatee)
SIRV Set 4 (mouse)

Comparative assessment

Transcript length
Illumina support
high mapping rate to genome
high number of complete BUSCO genes

SQANTI3 Evaluation

Similar comparisons to Challenge 1 but only with SIRVs

Compare pipelines

Compare sequencing platform

Select candidate targets for further experimental validation
